

Writing Challenge

Write a fact file about a biome. Include information about which countries you would find it in, animals and plants you would find there, the climate, what dangers it faces etc.

Maths Challenge

Create a colour by number, of a biome, using all four operations, including decimals in your sums.

Theme Challenge

Use the picture in the centre of the page as inspiration and create a piece of artwork to represent all the biomes we have learnt about. This could be a drawing, painting or collage.

Year 4 Home School Challenge

What is a biome?

Due in by 14.7.24

Science Challenge

Create a game that sorts animals into their habitats. It could be a board game or an idea for a computer game.

Complete all of the tasks in the speech bubbles.

Choose 2 or more of the blue tasks to try at home.

Research it!

Choose a country and research the biomes within it. Present this information in any way you choose.

Compose it!

Take the melody (tune) of a song you know well and compose new lyrics to it about your time in Year 4.

Act it!

Write a script and act out an advert for your habitats game. Think about persuasive language and what would encourage someone to buy it.

Make it!

Make a model of your favourite biome with any material you wish.
