## Our Vision

All our children are buzzing with excitement for learning; they enjoy the feeling of success, develop confidence, and become active and responsible citizens.

## Aims

These aims are for our whole school community – children, staff, governors and families:

- To develop independent, enthusiastic and creative learners with skills for life
- To provide a welcoming, happy and safe environment, where learners are confident to take risks and can flourish
- To deliver an authentic curriculum, which provides opportunities for challenge and aspiration, preparing children for the future
- To build a community based on mutual respect, where everyone takes responsibility for their own actions and behaviour choices
- To celebrate diversity and promote tolerance, developing learners as global citizens

Priory Primary School is committed to providing an accessible environment which values and includes all pupils, staff, parents and visitors, regardless of their education, physical, sensory, social, spiritual, emotional and cultural needs. We are committed to challenging negative attitudes about disability and accessibility and to developing a culture of awareness, tolerance and inclusion. We plan, over time, to ensure the accessibility of provision for all pupils, staff and visitors to the school. Accessibility Plans will be drawn up to cover a three year period.

## 1 Introduction

The Equality Act 2010 replaced all existing equality legislation including the Race Relations Act, Disability Discrimination Act and Sex Discrimination Act. It consolidated this legislation and extended protection from discrimination. It is unlawful for Priory Primary School to discriminate against a person by treating them less favourably because of a 'protected characteristic' (as defined at section 2).

The Public Sector Equality Duty, which is part of the Equality Act, came into force on 6 April 2011. It requires all public bodies, including schools, when carrying out their day to day work, to have due regard to the need to:

- Eliminate discrimination and other conduct that is prohibited by the Act.
- Advance equality of opportunity between people who share a protected characteristic and people who do not share it.
- Foster good relations across all characteristics – between people who share a protected

characteristic and people who do not share it.

Having due regard for advancing equality involves:

- Removing or minimising disadvantages suffered by people due to their protected characteristics.
- Taking steps to meet the needs of people from protected groups where these are different from the needs of other people.
  
- Encouraging people from protected groups to participate in public life or in other activities where their participation is disproportionately low.

This includes pupils and staff.

### **Statutory Requirements: The Specific Duties**

Priory Primary School has a duty to make **reasonable adjustments** for pupils with a disability. The DfE non-statutory guidance states that this duty can be summarised as follows:

- Where a disabled pupil is placed at a disadvantage compared to other pupils then the school must take reasonable adjustments to try and reduce/remove the disadvantage.
- Schools will be expected to provide an auxiliary aid or service for a disabled pupil when it would be reasonable to do so, and if such an aid would alleviate any substantial disadvantage that the pupil faces in comparison to non-disabled pupils.
- Schools are not subject to the other reasonable adjustment duty to make alterations to physical features, because this is already considered as part of their planning duties.

## **2 Definitions**

**Protected Characteristics** - It is unlawful for us to discriminate against a pupil, prospective pupil, parent, member of staff by treating them less favourably because of their

- Age
- Disability
- Gender
- Gender reassignment
- Race
- Religion, faith or belief including lack of belief
- Sexual orientation
- Marriage and civil partnership
- Pregnancy and maternity

This includes:

- Admissions
- The way education is provided to pupils
- The way pupils are able to access any benefit, facility or service
- Excluding a pupil or subjecting them to any other detriment

**Disability** - as when a person has a 'physical or mental impairment which has a substantial and long term adverse effect on that person's ability to carry out normal day to day activities.' Some specified medical conditions, such as HIV, multiple sclerosis and some cancers are considered as disabilities, regardless of their effect.

**Long Term Disability** - is defined as lasting, or likely to last, for at least 12 months.

**Disability Special Provision** - we will treat disabled pupils more favourably than non-disabled pupils by making reasonable adjustments to put them on a more level footing with pupils without disabilities, either through reasonable practices or auxiliary aids and services. This will be complemented by our Accessibility Plans.

**Reasonable adjustments** Factors we may consider when assessing the reasonableness of an adjustment may include the financial or other resources required for the adjustment, its effectiveness, its effect on other pupils, health and safety requirements and whether aids have been made available through the Special Educational Needs route. Cost will be a factor in determining what is reasonable. For instance, a small rural primary school may not be able to provide specialised IT equipment for any disabled pupils who may need it, but a much larger school might reasonably be expected to.

We will generally try to ensure that disabled pupils can play as full a part as possible in school life and the reasonable adjustments duty will help support this. However, there will be times when adjustments cannot be made because to do so would have a detrimental effect on our other pupils and would, therefore, not be reasonable. For example, if we put on a geology field trip which necessarily involved climbing and walking over rough ground, we would fully consider alternatives to accommodate a disabled pupil in a wheelchair. However, after it had been determined that there was no viable alternative or way of enabling the disabled pupil to participate or be involved, we would not have to cancel the trip as originally planned. This is unlikely to constitute direct discrimination or failure to make a reasonable adjustment.

Many pupils with a disability will have an SEN statement and auxiliary aids provided by Hull City Council and so may not require anything further. However, if the disabled pupil does not have a statement (or the statement does not provide the necessary aid), then the duty to consider reasonable adjustments and provide such auxiliary aids will fall to the school.

**Accessibility Plans** are implemented to ensure that:

- the extent to which disabled pupils can participate in the curriculum is increased
- the physical environment of the school is improved to enable disabled pupils to take better advantage of education, benefits, facilities and services provided
- the availability of accessible information to disabled pupils is improved

These are published at <http://priorityprimary.org.uk/>

**Parents** - Any reference to a parent in this policy is a wide reference (as in education law generally) not only to a pupil's birth parents, but to adoptive, step and foster parents, or other persons who have parental responsibility for, or who have care of, a pupil.

**Staff** includes teaching and non-teaching staff.
